CURATION NOTES

- 4:1 ratio lends a modern characteristic to the beloved subway format.
- The staple white color of subway tile offered in glossy and matte glazes for the perfect touch no matter what finish you need.
- Buttery white tones are perfectly matched to standard white grout colors. Looks just as good with contrasting grout too!
- Laundry rooms, bathrooms or backsplashes, the modern Subway is a classic touch with a slightly modern edge.

*Any of our porcelain slabs will pair beautifully with the benign chromatic aesthetic of Ravello.

*Any of our porcelain marble-looks will pair beautifully with the benign chromatic aesthetic of Subway.

Subway Collection features no recognizable repeats in aesthetics due to it's traditional glaze application.
