20 x 40 cm

CURATION NOTES

RAS is a collection designed by Fran Silvestre, the founder of the internationally acclaimed architects' studio Fran Silvestre Arquitectos. It can be used to create tiled wall surfaces that spark off interplay with the light, leading to chameleonic settings with a dual sense of depth, further enhanced by contrasting finishes. When the surface is bathed in light, a metamorphosis takes place through the shadows cast by its surface reliefs and its grainy appearance. Available in Grey or White, RAS comes in a 20x40 format in a combined matt/gloss finish.

RAS is pre-scored, the joint needs to be grouted
