## CURATION NOTES

- Henry Ford said you could have his cars in any color... as long as it was black. If he was a ceramicist he would have said white. There is more white tile in the world than every other color combined.
- If we're going to do a plain white tile, it's going to be the premium version - like if this were a white T-Shirt, it would be handspun Kiwi Merino. The best glazes, whitest, purest white and an impeccable rectified edge.
- Offered in 3 progressive scales to suit any project. 3 decors available in 12x36" matte glaze.
