White

Natural

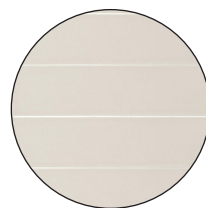

### CURATION NOTES

- The classic look of Italian Terrazzo in a hexagon shape and larger flakes in deep warm colours are presented in a creative, modern way.
- This 70s style tile features a raised ink that adds texture to the Flecked print that mimics an agglomerate with red and darker stone chips to create a stone terrazzo look.
- Have fun with the hexagon, one of the most popular shapes in today's design on walls and floors.
