### Curation Notes

- The iconic Italian stone Ceppo Di Gre has been highly prized as a premium finish in architecture for its understated variation and raw, natural aesthetic of aggregate pebbles.
- The warm grey tones are inviting and harmonious whether they are contrasted with cool accents or complimented with warm ones.
- With a mixed feel that evokes terrazzo, exposed aggregate cement as well as natural stones, it's easy to fit a Ceppo stone into any look.
- This modern porcelain version is perfectly suited to tackle the 2020's

Number of faces is shown in the largest format - in this case, 24x48".

Regardless of format, Ceppo Collection features 64 sq.ft of unique graphics
