CURATION NOTES

Inspired in the ancient Japanese technique of glazing ceramics, the Raku collection recreates an ancestral tradition in a contemporary and authentic approach. Presenting a glossy and irregular surface, this product evokes the colours and traditional ceramic materials to create spaces with a modern touch, without losing the charm and authenticity of artisanal pieces. Produced in a small format (2.36" x 10.63"), Raku is composed of 7 modern colours, each characterized by an ample variety of tones, rust effect details, as well as small discreet contrasting points.
