CURATION NOTES

The imperfection that artisan products offer us is unique and incomparable. That imperfection that to the eye of a good observer could seem perfect. The zellige, an Arab composition that appears in Morocco in the 10th century, is a sample of this artisan essence. Our Seville collection draws on this inspiration, from those artisans who with patience and know-how managed to create unique pieces. The details of Seville to achieve a collection full of nuances. When light hits and is reflected in an almost magical way in its shiny glazes, to its wide chromatic range with traditional and avant-garde colors. Available in two formats. Explore the colours and sizes.
