## CURATION NOTES

- The classic look of French Limestone with the characteristic irregular edging presented in a creative, modern way.
- The classic multi-format pattern showcased in the gardens & plazas surrounding the palace at Versailles is given new life and materialism in a modern palette.
- The irregular edging is softened and presented in a modern way that can achieve a tighter matrix for inside and outside.
- Limestone character in modern color.

Number of faces is shown in the largest format - in this case, 16x24".  
Regardless of format, Lapis Collection features 43 sq.ft of unique graphics
