*Venexia features a classic Venetian Terrazzo look with varying degrees of contrasting flecks in each colorway. Variation from piece to piece within colorway is slight but colorways with high-contrast chips will appear more varied.

Curation Notes

- There's a reason why poured-in-place terrazzo is everywhere across Europe.
- The classic matrix of cementitious resin surrounds chips resembling marble & glass in the most authentic way.
- Simple application of a modern palette to a classic vintage design is a perfect solution for modern design language. Whether you're looking for a retroor hyper-modern feel, Venexia is a perfect fit.
- All the character of classic terrazzo in modern color & performance.
